Vasavi Residency

The duplex house renovation transforms both interiors and exteriors with a blend of modern elegance and functionality. The updated interior features open spaces, stylish finishes, and contemporary furnishings, while the exterior boasts a fresh facade, enhanced landscaping, and inviting outdoor areas. The design harmoniously balances aesthetic appeal with practical living.

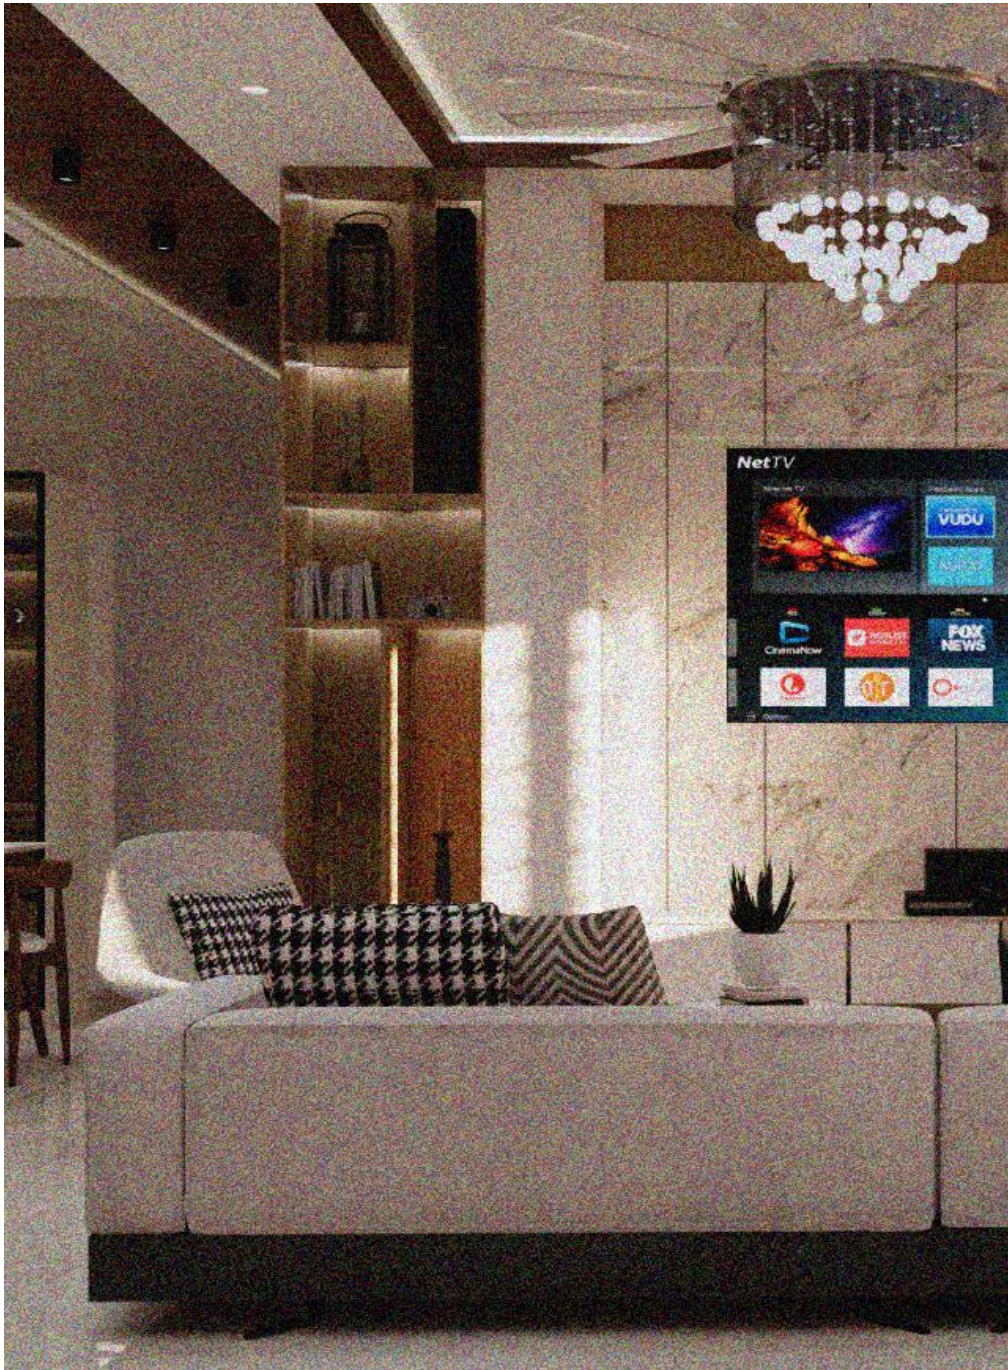

Anantha Residency

This 2BHK independent house in Bangalore combines simplicity with elegance. Following the client's brief for a minimal yet classy look, we've integrated sleek storage solutions and stylish wall art to enhance the space. The design focuses on clean lines and subtle sophistication, creating a refined and functional living environment.

Reddy Residency

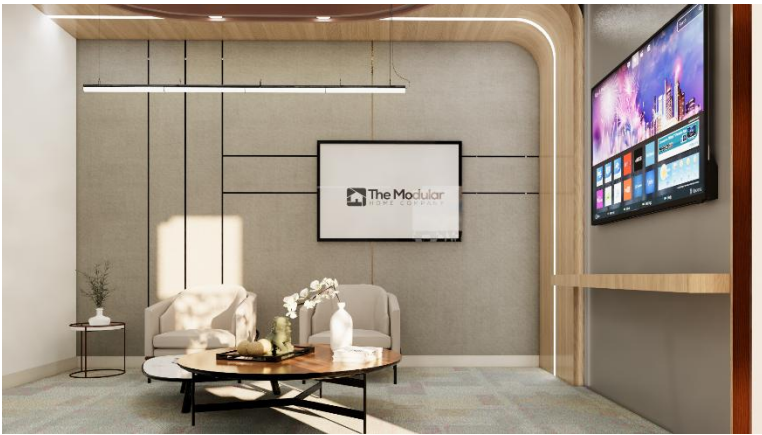

This independent house in Hyderabad is a minimal, simplicity and elegance, focusing on clean lines and uncluttered spaces. The design incorporates neutral color palettes, sleek furniture, and hidden storage solutions to maintain a serene and functional environment. Subtle textures and carefully chosen decor elements enhance the space without overwhelming it.

The Modular Company

The Modular Company needed an elegant and captivating design for their MD cabin and discussion room to impress clients. We crafted a sophisticated space with refined aesthetics and functional elegance, reflecting industry standards and enhancing client interactions. The design balances style and professionalism to create a lasting, positive impression.

Sharada School

The school interiors are designed to foster a vibrant and engaging learning environment. Bright colors, flexible furniture, and interactive spaces enhance student interaction and creativity. Modern classrooms feature dynamic layouts and ample natural light, while common areas are designed for collaboration and relaxation, creating a stimulating educational atmosphere.

Jayram Residence

The duplex house renovation transforms both interiors and exteriors with a blend of modern elegance and functionality. The updated interior features open spaces, stylish finishes, and contemporary furnishings, while the exterior boasts a fresh facade, enhanced landscaping, and inviting outdoor areas. The design harmoniously balances aesthetic appeal with practical living.

Mr.Satish Residence

This 3BHK home features thoughtfully designed interiors that blend contemporary elegance with a touch of traditional charm. Rich wooden elements, paired with vibrant, carefully selected furniture, create warm and inviting living spaces. Located at Aparna Zenith in Hyderabad, the home showcases a timeless design that beautifully balances classic aesthetics with modern comfort.

Shree Residence

This beautifully designed 3BHK home at Lansum Etania is a perfect blend of comfort, warmth, and contemporary elegance. Thoughtfully curated with a soothing color palette that transitions from rich earthy browns to calming shades of blue, the interiors create a harmonious balance between warmth and serenity.

Guda's Residence

This standalone residence in Bachupally is a thoughtfully designed home that reflects the client's preference for a soothing palette of pastel hues complemented by warm brown tones. The harmonious combination of soft colors and rich wooden finishes creates an atmosphere that is both elegant and inviting. The result is a beautifully balanced living space that seamlessly blends contemporary aesthetics with a warm, welcoming ambiance.

Ranch farmhouse

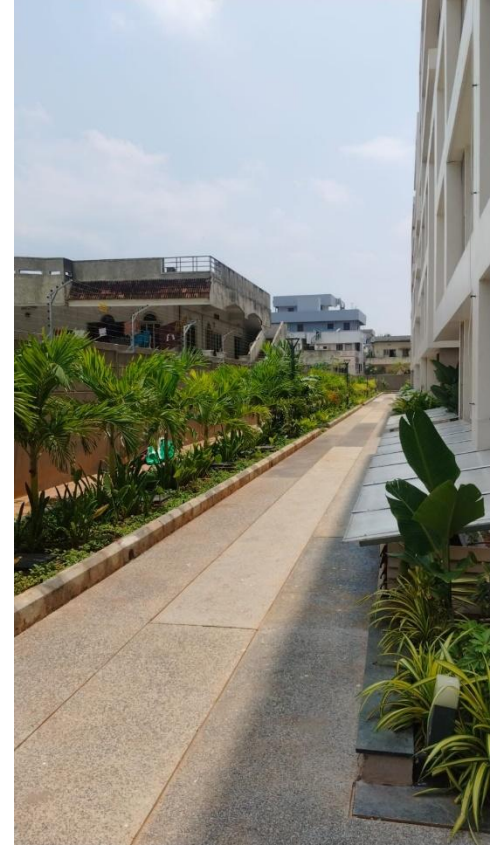

The farmhouse landscape is designed to immerse in lush greenery and tropical vibrancy. Expansive lawns, vibrant flowering plants, and shaded pathways create a serene, natural retreat. Incorporating tropical elements, such as palm trees and exotic foliage, enhances the lush, relaxing atmosphere, offering a perfect blend of beauty and tranquility.

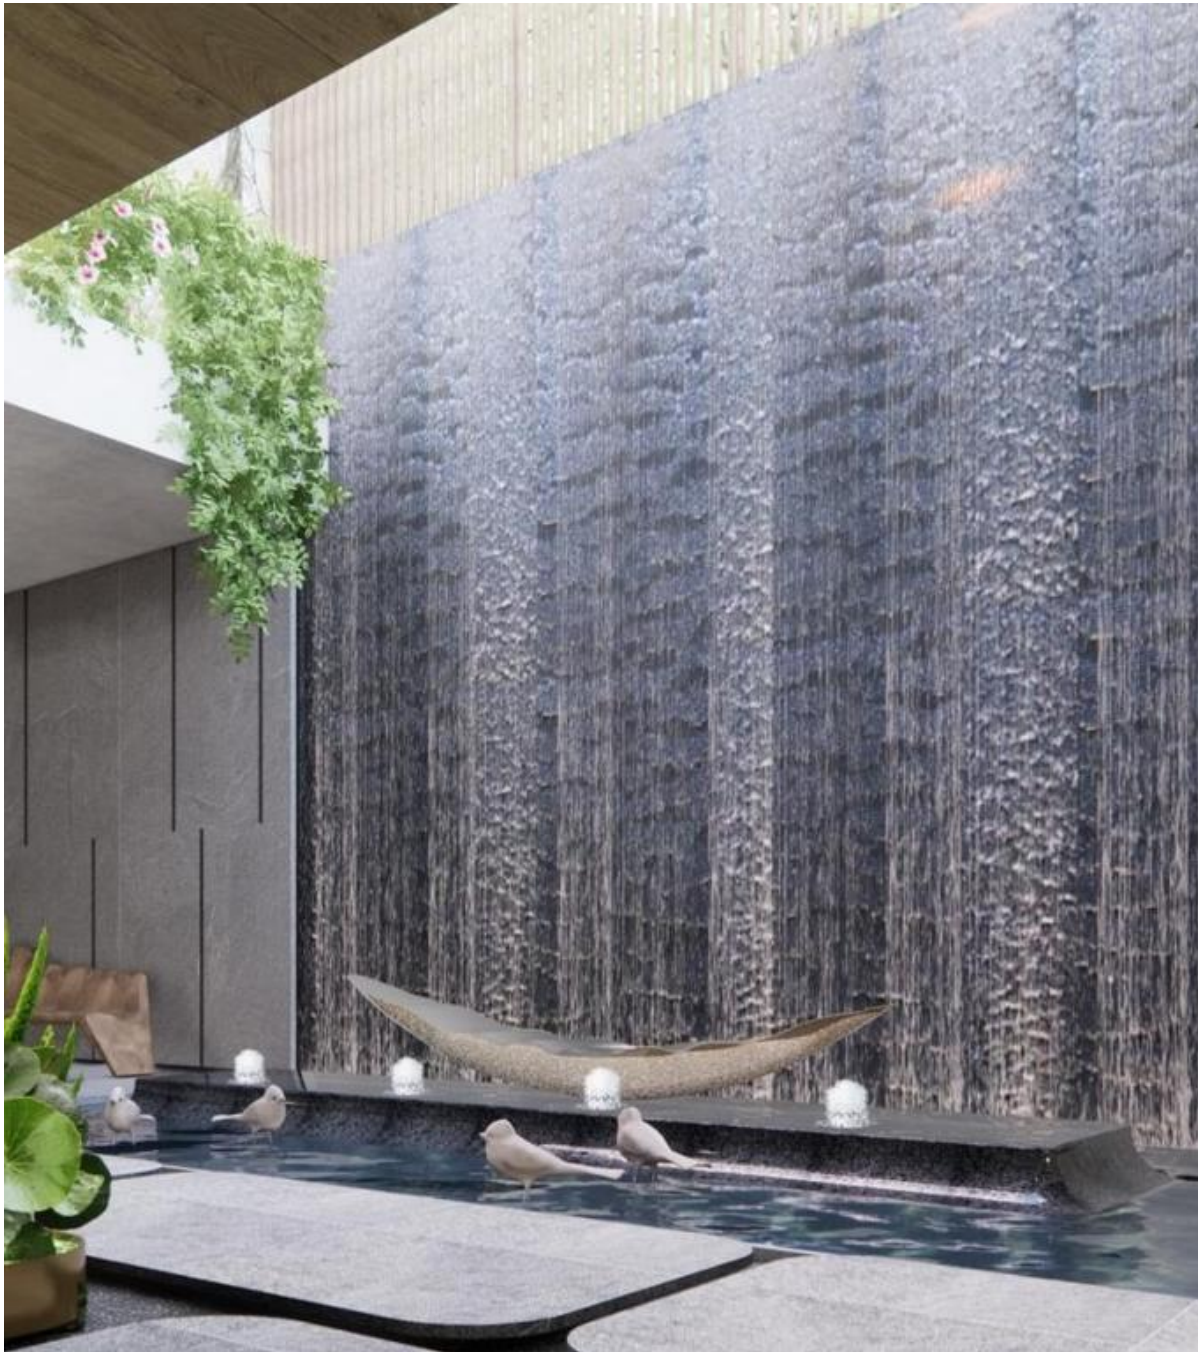

STMT gated community

We joined the gated community project later, enhancing planting plans and design elements to improve space functionality and aesthetics, ensuring a harmonious and visually appealing environment for residents.

Residence Landscape

Design ideates a minimalism with integration of tropical theme creating a cohesive space. Landscape concept takes hint from geometry of architecture. The balance is achieved by plants, stone & other natural materials.

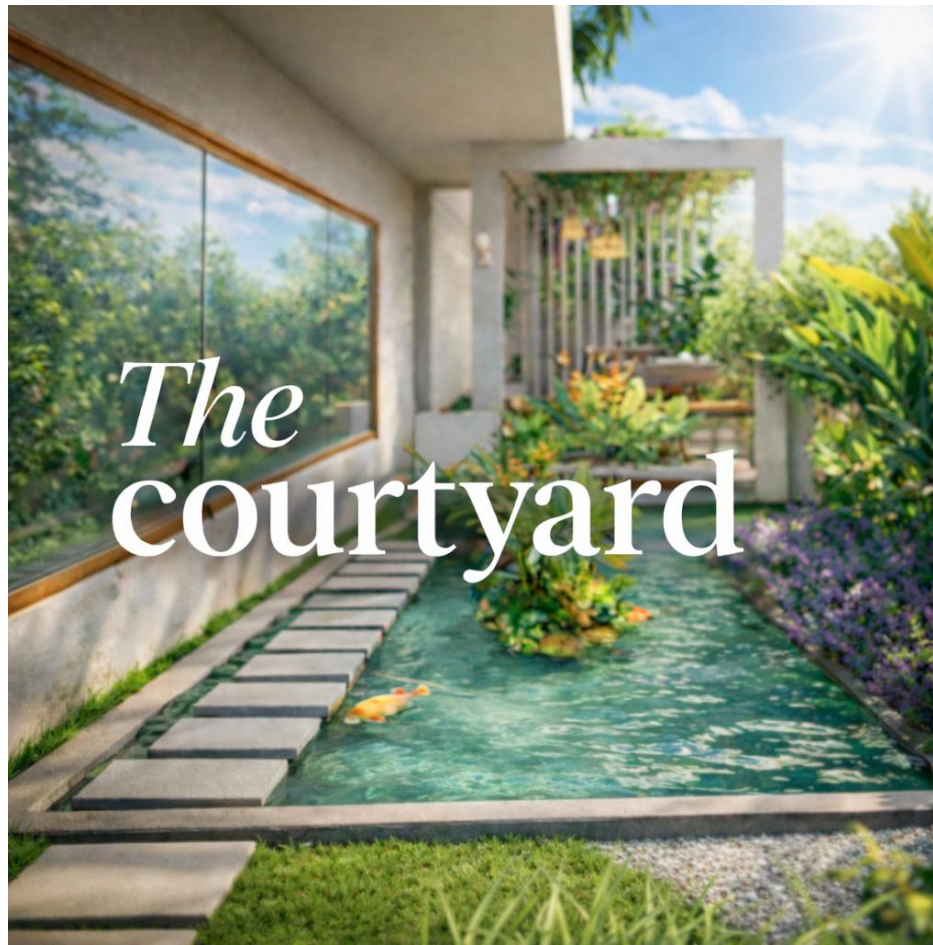

GMR – Gulmohar Residency

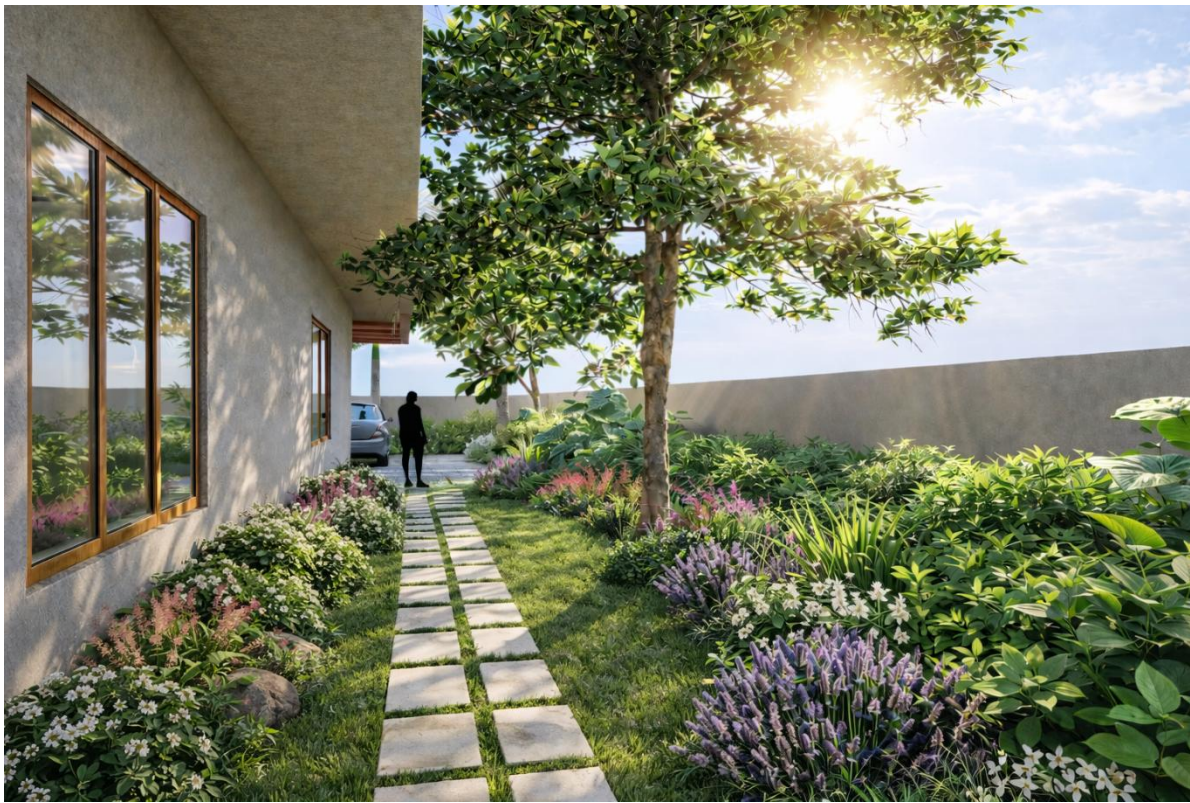

We designed a thoughtfully planned landscape for this gated community, creating a harmonious blend of nature and functionality. The layout integrates green spaces, walkways, recreational zones, and interactive elements to enhance the quality of life for residents. Every detail was crafted to promote relaxation, community interaction, and a sustainable living environment.

Pandarl Residence

At the heart of the landscape lies a beautifully designed koi pond, introducing movement, reflection, and a calming ambiance to the garden. A charming gazebo with comfortable seating provides the perfect setting for quiet moments, family gatherings, and outdoor leisure, while a dedicated temple has been seamlessly integrated into the landscape, offering a peaceful and spiritual retreat within the property.

Ranch Farmhouse

This farmhouse is thoughtfully designed as a seamless fusion of a vibrant entertainment space and a serene natural retreat. The landscape masterfully combines an expansive party lawn with lush farm plantation gardens, creating an environment that is equally suited for lively celebrations and peaceful escapes.
